Exposing “The Last Men in Aleppo” – FSA Terrorist Psyop and Oscar Nominated Propaganda Campaign

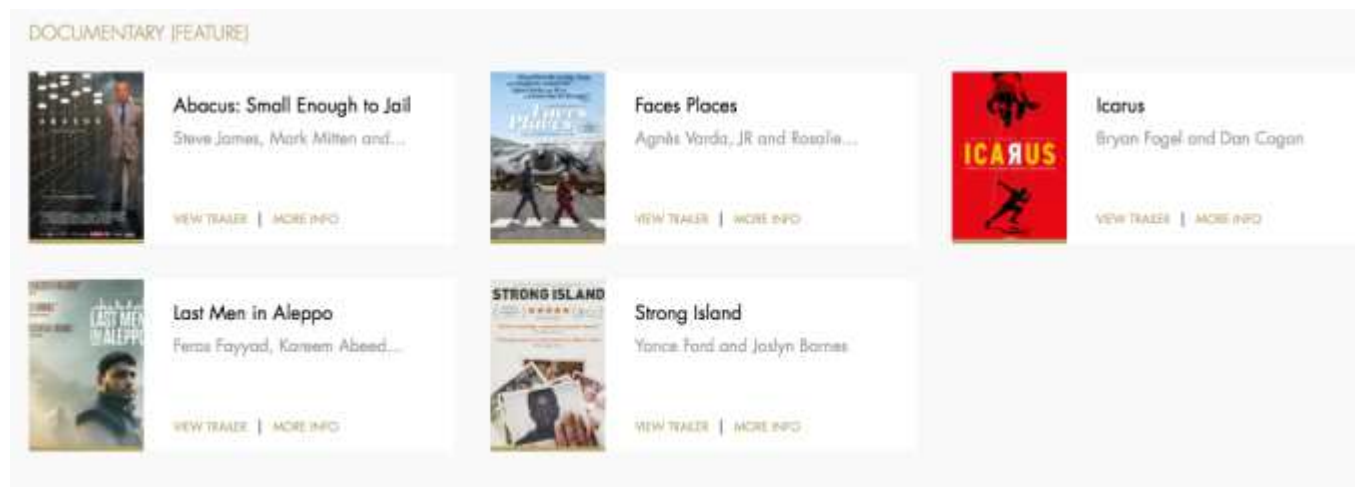

This post features dozens of screen captured images from the Facebook pages of the individuals behind the 2018 Oscar nominated documentary ‘The Last Men in Aleppo’, and will clearly show, through their own posted Facebook images, that these individuals are aligned with the FSA (Free Syrian Army) which is comprised of dozens of terrorist groups including al-Nusra Front, ahrar al-Sham, Nour al-Zinki, Army of Islam and ISIS.

On January 20, 2018 it was announced in western media that the Netflix documentary “The Last Men in Aleppo” was nominated for an Oscar award by Hollywood’s Academy of Motion Picture Arts and Sciences, to be presented at the March 4th, 2018 Oscar ceremony in Hollywood, California.

The Facebook page of Firas Fayyad, the Oscar nominated director of the film was used as the hub when conducting the following terrorist exposure. The post branches out by exploring the (specified by himself) film associates of Firas Fayyad and examines these individuals Facebook images, links and post related associates, thus establishing their likes, links, proclivities and admiration for terrorist related activities. The online addresses of the Facebook accounts which were examined are included at the bottom of this post for further proof of validity and reference.

👍👍

The following image is found on his Facebook page and the 3 individuals in this image with Firas Fayyad will each be examined in the images below.

But first lets look at images on Firas' own Facebook page and thereby establish that he is not an unbiased party to the horrific conflict ongoing in Syria. The images found on his Facebook page clearly show support for the FSA and other nefarious terror related groups operating in Syria.

The images above appear not to be of concern to Hollywood and global film festival organizers due to the fact that the images below show him receiving praise and awards from western film and media organizations.

From here on out we shall explore the Facebook links and images of Faris Fayyad's associates from the group image taken from his page shown above. The first individual of interest is Fadi Al-Halabi who makes no secret of his support for the FSA on his Facebook page. At the conclusion of this post I will provide numerous images showing the green, black and white flag of the FSA being flown by terror groups working side-by-side with al-Nusra Front and ISIS.

Example: ISIS and the FSA flags flying side by side..... they share the same jihadist ideology and seek to expand their branch of Islamic ideology around the world.

Facebook page of Fadi Al-Halabi (seen above in group image with Faris Fayyad).

Note in image above Fadi Al-Halabi states that he is working for Agence Presse France (AFP). A number of terrorists in Syria and Libya have been posing as 'reporters' and providing info that western media outlets openly publish. This allows western media outlets plausible deniability as they disseminate misleading propaganda that comes directly from the terrorists themselves. AFP is one of the worst for this and I have noticed that a number of jihadists claim they work for organizations such as AFP, Reuters and the Associated Press on their Facebook pages. Other material proving such is available at the CoS links at the conclusion of this post.

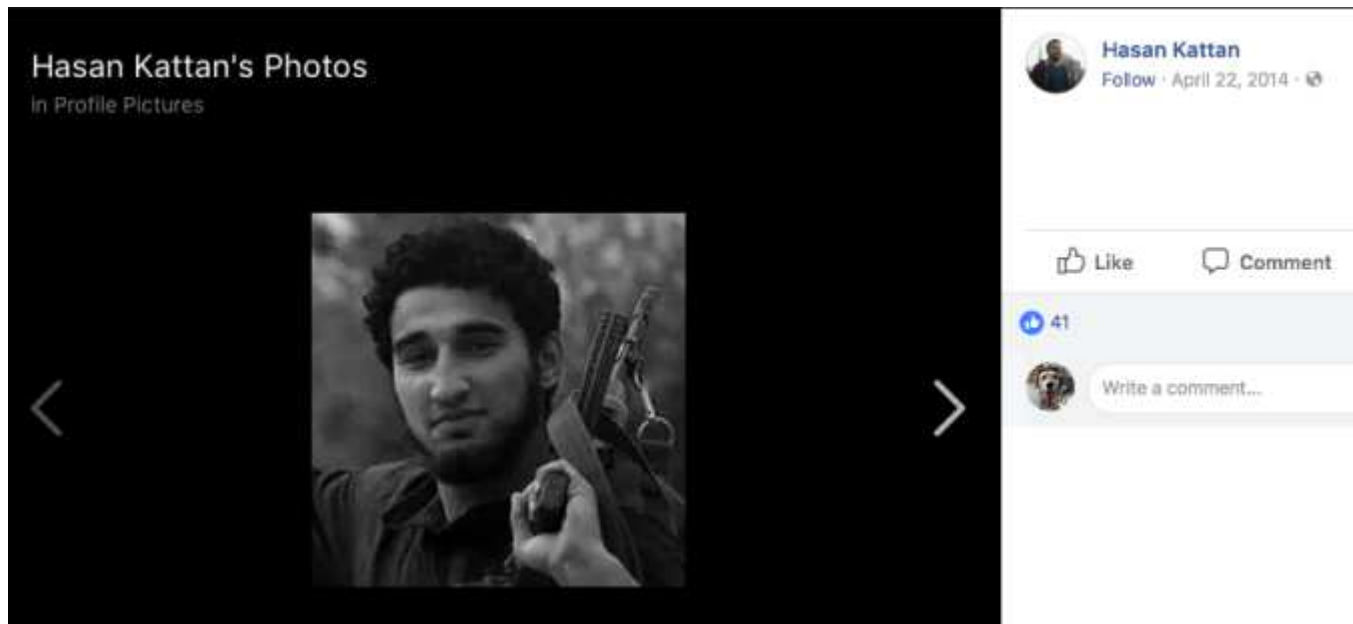

Back to the movie.....

The second individual in the image with Farris Fayyad's is Hassan Kattan.....

His Facebook page images show him to clearly be a supporter of the FSA.....

Note the mujahideen with a weapon here. This individual is shown below pointing towards an ISIS flag while Hasan Kattan has typed praise for him.

White Helmets terrorists.....

Note image posted by Hasan Kattan below shows the individual I mention above pointing towards an ISIS flag. Hassan Kattan's typed caption to the right of the image states.....(from Google translate)

“His beautiful features, which illuminate his face, remain in my minds deep memory. He was not like any other Mujahideen, he loved fighting and dying under the banner of Islam and he received it. He was the most clear minded and nurturing and strengthening person I knew. A lion from the front of the victory has departed today from us to Jinan al-Khald, I hope for God”

Note that at the top of this post Faris Fayyed states that Hasan Kattan is “the great co-director of The Last Men in Aleppo”.

On Hasan Kattan’s Facebook page he shares the following image featuring Ali Alzajel (back left) who is one of the lead propaganda disseminators for the Aleppo Media Center which is the media hub for the Idlib, Syria based jihadists, terror groups and White Helmets in the FSA. He also liaisons with, and supplies information to, the Gulf State media outlets al-Jazeera and Orient TV that promote the FSA terrorists in Syria.

Note same mujahideen as above pointing at ISIS flag on Ali Alzajel's Facebook page.

He also posts the ISIS jihadist pointing at the ISIS flag....

His concern for his White Helmet accomplices is obvious by his posts.....

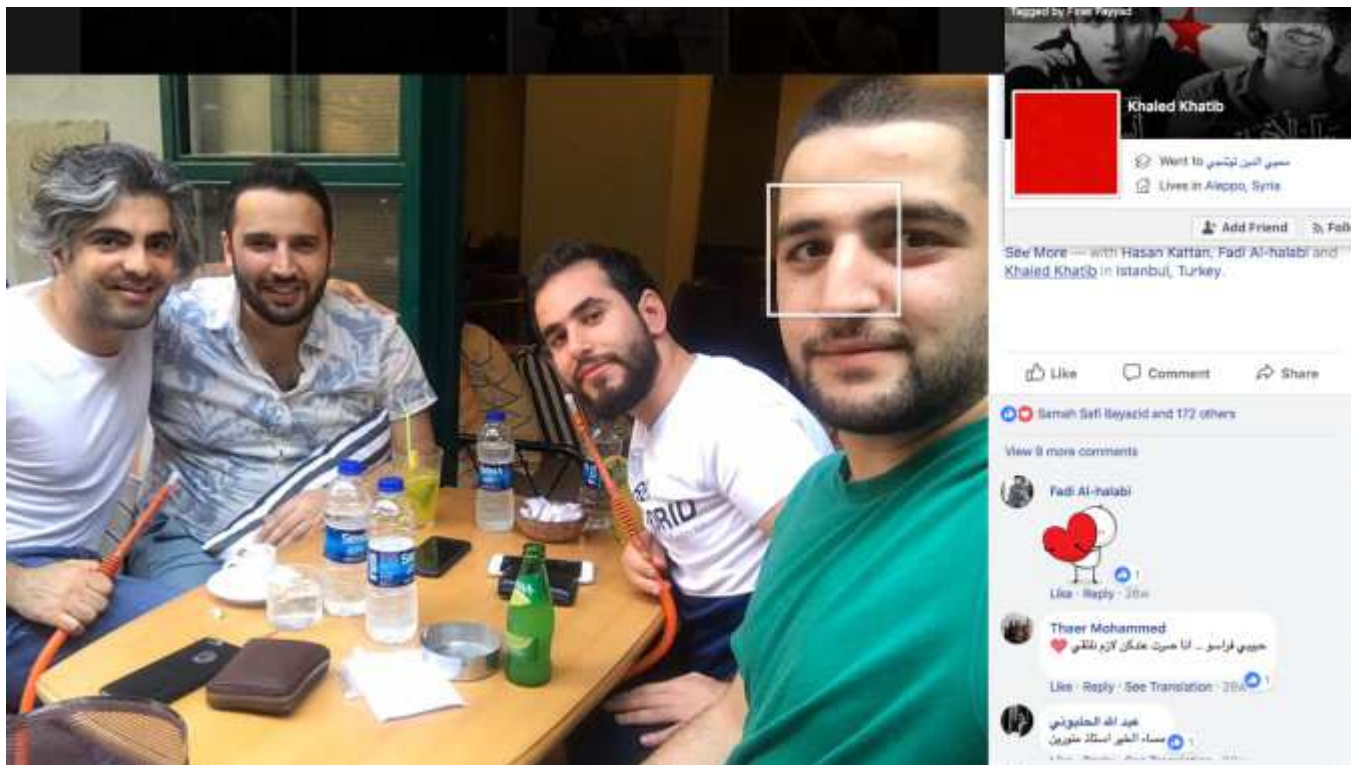

In the image below he posts an Al-Nusra Front flag with barrel cannons. These primitive weapons have been used by the terrorist groups in Syria to randomly bomb civilians and cause terror.

Children are indoctrinated into al-Nusra Front by The Last Men in Aleppo....

Back to the original “Last Men in Aleppo” team sitting with Faris Fayyad.....next up is Khaled Khatib

His Facebook page also shows blatant support for the FSA.....

Here he posts more support for FSA terror groups....

The following account belongs to Radi Saad who is the leading White Helmets liaison with western authorities, NGO's and media outlets. Note CBS frontman Scott Pelly in the image directly below. Scott Pelly has played a key role orchestrating the 60 Minutes propaganda segments on the White Helmets over the last two years.

The video in the lower right hand corner of his page features Islamic jihadists celebrating victory after battle. The link to that video is directly below and at the conclusion to this post.

[White Helmet Madj Khalaf uploaded video of jihadists celebrating victory \(https://www.facebook.com/100004137581315/videos/vb.100004137581315/548926568588591/?type=2&video_source=user_video_tab\)](https://www.facebook.com/100004137581315/videos/vb.100004137581315/548926568588591/?type=2&video_source=user_video_tab)

From this point on out, this post will feature images of the FSA and its associated terror groups which the makers of “The Last Men in Aleppo” documentary clearly support (as proven by the evidence presented above). Thus, the viewer can decide for oneself what Hollywood and Netflix is really promoting with this latest abomination of an Oscar nomination. Up is down and down is up. The terrorists appear to have been given a free pass.
